

Since 1960 the Kourellas Family

has been crafting artisanal dairy products at our family farm in Grevena, a region renowned for its exceptional dairy. Rooted in Greek tradition, we use only nature's finest ingredients—no additives, preservatives, or artificial enhancers.

Our livestock graze on natural grasses and herbs in the warmer months and are fed GMO-free, pesticide-free feed in winter. As Greece's first organic dairy, we believe good food is a gift from nature. That's why we oversee every step of production, ensuring pure, natural, and delicious dairy products for you.

Case Ready Cheeses

Kourellas PDO Kasseri Wedges

At the Kourellas family dairy, our kasseri cheese is made to a recipe as old as the hills where our flocks roam. Golden and buttery, kasseri has a delightfully springy texture, which develops as it matures for at least three months.

It's meltingly moreish in toasted sandwiches, grated into omelets, or wrapped in crisp phyllo pastry.

Kourellas Kefalotyri Wedges

At the Kourellas family dairy, we like to keep things traditional. Like our artisan kefalotyri cheese, salted by hand as it matures.

Our kefalotyri cheese is an essential ingredient in classic Greek dishes like moussaka, pasititsio and spanakopitta. Grate over pasta, serve shavings with pears and grapes, or fry a slice or two with eggs for a protein-packed brunch.

Kourellas Graviera Cow's Milk Wedges

At the Kourellas family dairy, our finest Greek graviera is made with pure cow's milk. A golden cheese with a creamy texture and delicate, sweet aroma, our graviera is tended daily by our master cheese maker as it matures.

Graviera livens up omelets, sandwiches, soufflés and tarts. For a classic Greek mezze, serve fingers of graviera with briny olives or slivers of honeydew melon.

Graviera I the 2nd most popular cheese (Feta is #1) in Greece. It's also known as Greek Gruyere.
